FROM GROUND TO GRAND

COMPANY OVERVIEW

Trusted Construction Company (TCC) is a Kuwait-based firm specializing in engineering, general contracting, and interior design. We deliver full-cycle solutions from excavation and structural works to premium interior finishes and custom furnishings.

COMPANY HISTORY

Established in 2019, TCC emerged from a shared vision to integrate engineering excellence with creative interior design. With deep roots in infrastructure, construction, and spatial aesthetics, the company was built to deliver lasting quality and modern elegance across residential, commercial, and industrial spaces.

By combining technical precision, innovative thinking, and a commitment to long-term value, TCC creates spaces that are not only functional, but inspiring inside and out.

CEO STATEMENT

Adel Aboulainain

As the founder and General Manager of TCC, I established this company on one core belief: quality must never be compromised. With a background in civil engineering and deep field experience, I personally lead every project with a focus on precision, fairness, and long-term value.

“At TCC, we don’t just build structures, we build trust. We analyze every detail, deliver on time, and ensure results that speak for themselves.”

Adel Aboulainain, BSc Civil Eng.

MISSION

To deliver durable construction and refined interior spaces through clear communication, fair pricing, and on-time execution powered by smart technology and driven by attention to deta

VISION

To become Kuwait's most trusted one-stop partner for engineering and design, delivering spaces that endure, inspire, and perform flawlessly.

WHAT WE DO:

Civil & Structural Construction: We build solid foundations and structures that stand the test of time.

Deep Excavation & Soil Reinforcement: Safe and precise groundwork for strong project beginnings.

Concrete & Steel Works: Reliable frameworks and durable construction elements.

Electrical & Plumbing (MEP): Integrated systems for smooth functionality and safety.

Waterproofing, Epoxy, and Insulation: Protecting your assets from moisture, heat, and wear.

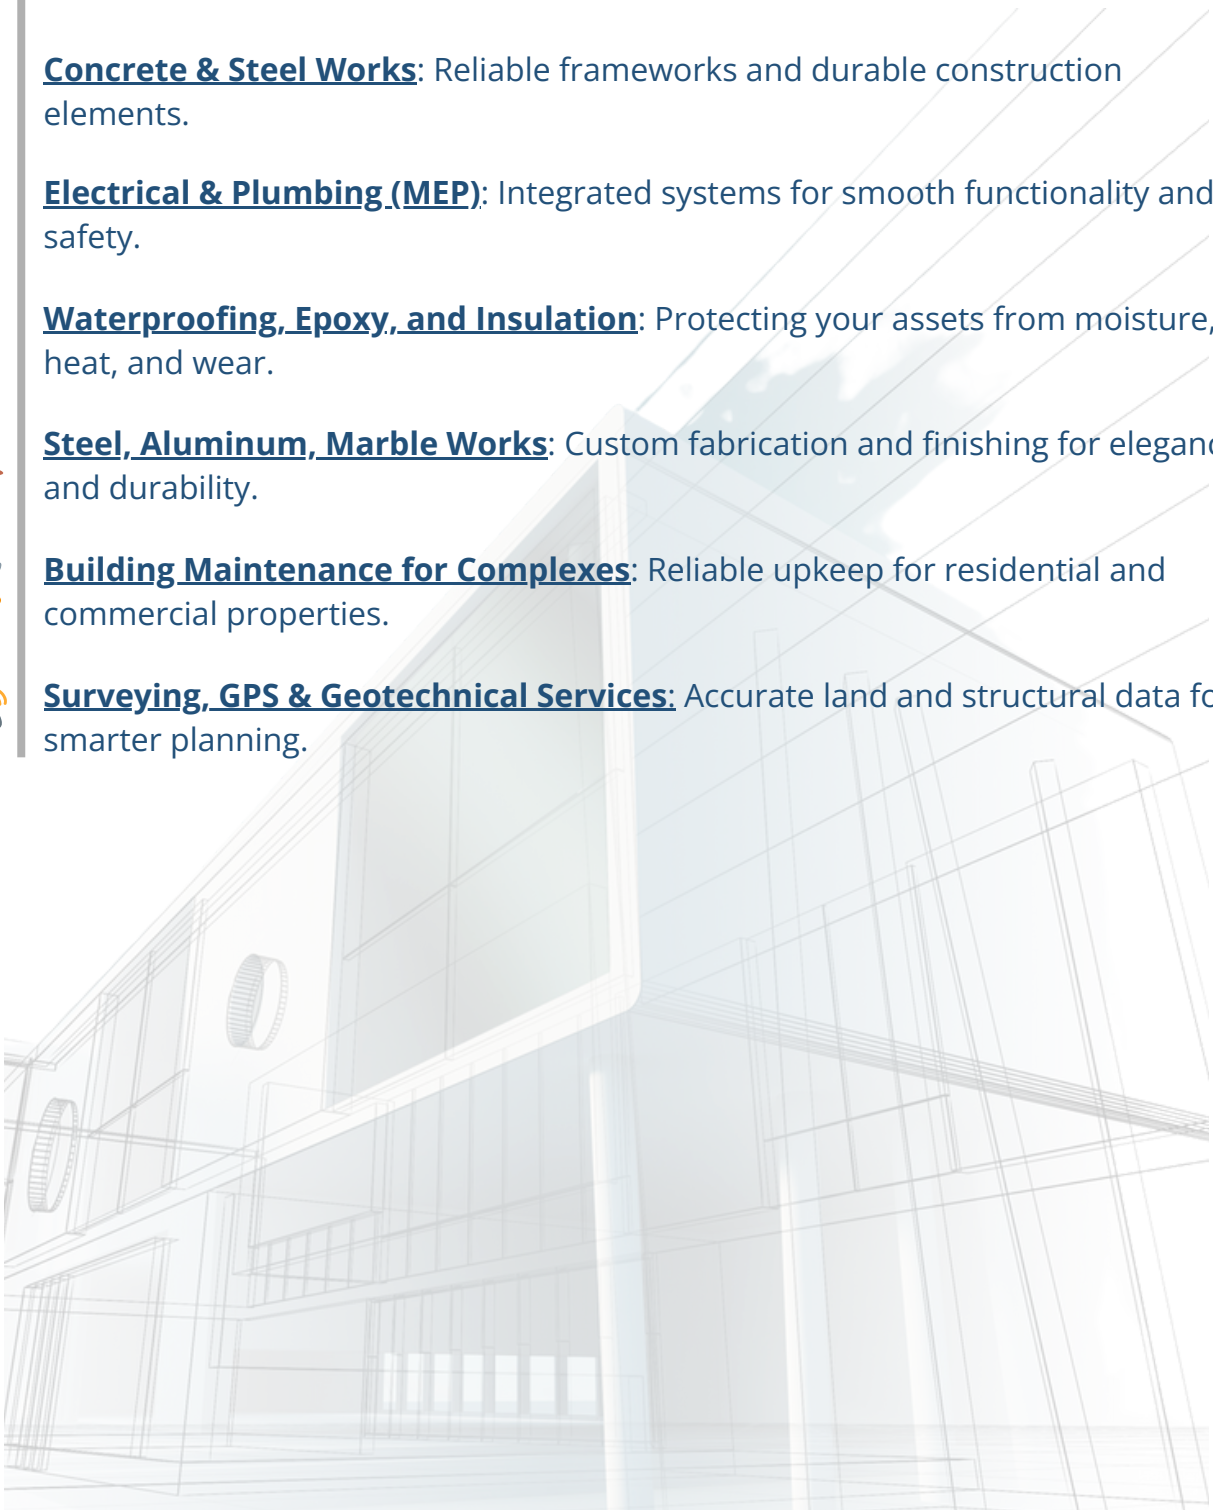

Steel, Aluminum, Marble Works: Custom fabrication and finishing for elegance and durability.

Building Maintenance for Complexes: Reliable upkeep for residential and commercial properties.

Surveying, GPS & Geotechnical Services: Accurate land and structural data for smarter planning.

OUR SERVICES:

CONSTRUCTION & INFRASTRUCTURE

1. **Residential**: Building homes, apartments, and other dwellings.
2. **Commercial**: Constructing offices, retail spaces, and other business buildings.
3. **Industrial**: Building factories, warehouses, and other industrial facilities.
4. **Infrastructure**: Developing roads, bridges, and public transportation systems.

ARCHITECTURAL & INTERIOR

1. **Building Design**: Creating exterior and interior spaces that are functional, sustainable, and visually appealing.
2. **Space Planning**: Organizing spaces to meet the needs of occupants and users.
3. **Sustainability**: Incorporating eco-friendly materials, energy-efficient systems, and sustainable practices.
4. **Space Planning**: Designing interior spaces to meet the needs of occupants and users.
5. **Material Selection**: Choosing materials, finishes, and furnishings that enhance the aesthetic and functionality of a space.
6. **Lighting Design**: Creating lighting plans that enhance the ambiance and functionality of a space.

DESIGN & EXECUTION

1. **Creativity**: Developing innovative ideas and concepts.
2. **Planning**: Creating detailed plans, including layouts, materials, and timelines.
3. **Visualization**: Using tools like 3D modeling to visualize the final product.

ADDITIONAL SERVICES

Customer Support

Our dedicated customer support team ensures prompt and effective solutions to maintain high levels of client satisfaction before, during, and after project delivery.

Product Analysis

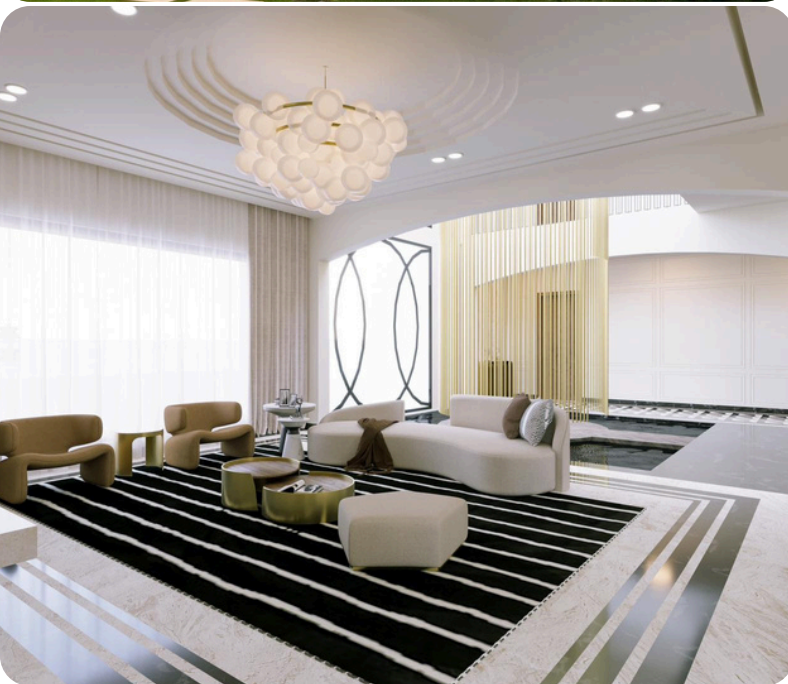

We specialize in designing and building custom spaces that balance form and function, focusing on tailored interior and construction solutions that meet the unique needs of every client.

Surveying Equipment Supply

We conduct detailed surveys of material suppliers to ensure the timely procurement of high-quality resources essential for reliable and efficient construction project execution.

COMPANY HIGHLIGHTS

OUR PROCESS

Whether Structural or Interior, our 5-Step Workflow:

Discovery & Planning – We listen, visit, and analyze your needs

Design & Budgeting – Smart layout and cost estimates

Execution – With full team supervision on-site

Handover – Quality tested, walkthrough verified

Aftercare – We're still available after the handover

OUR METHOD

Each project is studied deeply before pricing, using AI-based planning and expert forecasting. This guarantees smart budgeting and smooth execution.
